

# Product Brief | Rimage Producer™ IV Series

## Unrivalled Performance, Versatility and Quality

Rimage Producer IV disc publishing systems are the industry standard for anyone producing professional CD, DVD and Blu-ray Discs™. With industrial grade robotics, direct-to-disc printing and professional recording technologies, the Producer IV Series meets the world's most challenging disc production demands.

## Benefits

### Powerful printing

Producer IV systems have the world's best full-color and thermal monochrome disc printers, providing top of the line printing and industrial-grade production in one scalable package.

### Quick turnaround

Designed for 24/7, high-volume, unattended production, Producer IV systems publish hundreds of customizable discs per day, so you can deliver customer-tailored discs faster.

### Superior performance

The four-bin carousel and 100-disc external output bin comes standard with the Rimage system, enabling four media types to be available concurrently. The reliable Rimage robotics are designed to output discs continuously for years.

## Features

- Integrated DiscWatch™ status light
- 100-disc external output bin
- Front USB port
- Internal lighting
- Up to four quick-release front-swappable recorders
- 400-disc rotating carousel for input/output
- Four line LCD status display
- Embedded control center with network connectivity
- Rimage Software Suite (RSS) - Network
- Everest™ 600 printer or Prism III™ printer
  - Everest: Best quality printer for permanent, full-color printing
  - Prism III: Fastest and lowest-cost per disc thermal monochrome printer on the market

Producer 8200N

Producer 7200N

Producer 6200N

## Options

- Blu-ray Recorders
- Everest 600 or Prism III print technology
- DiscFlow™ for Mac
- Media Reader
- Keyboard, monitor and mouse kit
- Windows Server 2008 R2 Standard
